

Topical Bibliographies Overview for the Website

On this page you will find a number of selected references on various social norms topics. We have compiled these references into a bibliography page to make searching for references on these subjects easier for you. Each bibliography contains six or seven key articles on the topic in addition to applicable website links. The bibliographies will be reevaluated and updated semiannually to ensure that we are providing you with the most current and applicable research in the field. Bibliography topics include:

- Social Norms and Alcohol and Athletes
- Social Norms and Alcohol and Greeks
- Social Norms and Alcohol and Marijuana and Adolescents
- Social Norms and Alcohol and Underage Users
- Social Norms and Body Image
- Social Norms and Marijuana
- Social Norms and Personalized Normative Feedback
- Social Norms and Sexual Behavior
- Social Norms and Sexual Consent
- Social Norms and Smoking
- Social Norms and Substance Abuse

To access the portable document format (PDF) of the bibliographies, select a topic by clicking on one of the links above. A more complete list of relevant books, articles, book chapters, and case studies can be accessed by going to the Research tab at the top of the page.
